

Dear Western Union Agent,

The Western Union Company entered into settlement agreements with several United States federal government agencies in January 2017.

As required in the settlement agreement with the Federal Trade Commission, we are providing you, as an Agent of Western Union, with a copy of the final court order. You should review the court order in its entirety so that you are aware of the requirements and so that you can help protect your consumers from those that may misuse our money transfer system.

Western Union continually evolves its compliance programs and, importantly, has taken significant steps over the last several years to enhance its anti-money laundering and anti-fraud programs, including increasing its oversight of Agents, to help protect our customers and services from abuse. The cooperation and compliance of our Agents is imperative in upholding the trust of our consumers and meeting regulatory guidelines across the world.

Please go to <http://go.wu.com/FTCorder> to access the order. If you require additional information about the court order, please contact your Western Union relationship manager.

Sincerely,

Western Union

Introduction

This form is intended to collect the required business and ownership information necessary to complete the Western Union due diligence review.

The form has been structured in a manner that matches the screen order in the Western Union data capture tool (WU Certify). Some of the pages in this paper questionnaire may only serve as placeholders or reminders.

To ensure the successful completion of the Western Union Know Your Agent due diligence process:

1. All sections of this Questionnaire must be completed accurately and in full;
2. The Questionnaire is only to be completed by a person authorized to complete this questionnaire for and on behalf of the legal entity (Agent); and
3. All questions are answered correctly and all fields are completed truthfully and accurately. Any missing or inaccurate responses/documents or illegible copies or empty fields may lead to delay and/or rejection of Agent's application.
4. Any affirmative responses or responses to questions containing adverse information about the Agent does not automatically disqualify the Agent from providing Western Union™, OV™, or Vigo™ services

For the purposes of this Questionnaire, each entity to be processed will be referred to as an **Agent**.
